SC 700-T

Touch Screen RFID Time & Attendance Terminal

The SC700-T is an RFID time & attendance terminal with 3"TFT LCD. Its color display and touch screen make the menu operation extremely comfortable and easy. Adopting ZK core board, its identification is very fast and reliable. It can also control the door access and connect with 3rd party electric lock, door sensor, and exit button, etc. Slim and elegant design makes the SC700-T more applicable to different type of offices.
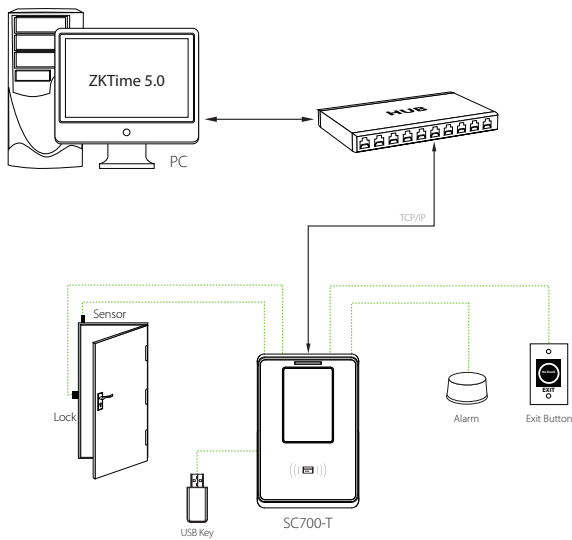

Feature

- 3"TFT color display and touch screen
- Elegant ergonomic design
- Easy operation
- Time attendance and access control functions
- Stores up to 30,000 cards and 100,000 records
- Optional Mifare card module.
- Access control interfaces for 3rd party electric lock, door sensor, exit button and alarm
- Multi-language available

Specifications

Display	3-inch Touch Screen
ID Card Capacity	30,000
Log Capacity	100,000
